HOW TO LOOK MORE PROFESSIONAL IN YOUR CURRENT WARDROBE

- Invest in a tailor.
- When in doubt, always tuck in your shirt
- Monochromatic looks (all one color) can look sleek and expensive
- Ladies, no ankle straps on your shoes
- Get your shoes polished or taken to a cobbler for repair
- Invest in proper undergarments – men v-neck shirt underneath in a neutral color and women in proper undergarments
- Know your strengths in how to dress your body

TAKING CARE OF YOUR CLOTHES

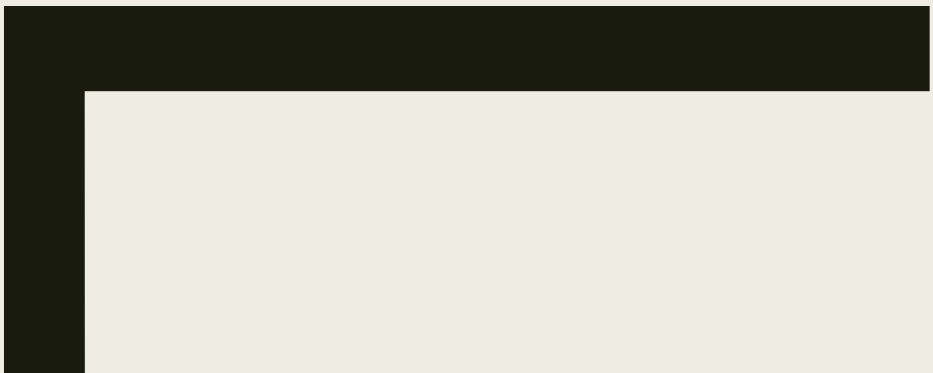

- If your garment smells or if you see any yellowing under the arms GET RID OF IT
- Read the care label on your clothing, if it says dry clean ONLY then it says it for a reason.
- Detergent and Fabric Softener are a must.
- Wash in cold water, this prevent clothing from shrinking and it keeps your colors vibrant
- When in doubt, dry on delicate or air dry
- INVEST IN A STEAMER. Wrinkles make you look disheveled
- Before you put anything into the washer SEPARATE YOUR CLOTHING. Whites with whites, darks with darks, workout clothing separate from work clothes etc.
